Updated:	2010-10-29	**Due date:**	

Sprint:	
PHP Version:	
Has patch:	
Complexity:	
Subject:	Check CldrModelCollection::getRawArray() for correct behaviour
Description	

The CldrModelCollection::getRawArray() method is supposed to always return an array, but sometimes the given path leads to a literal value. http://review.typo3.org/175 adds some fix for this to avoid an error in those cases, but this needs to be check in detail.

Revision 07ebe763 - 2010-10-28 23:10 - Karol Gusak

[~TASK] FLOW3 (I18n): Make CldrModel::getRawArray() always return array or FALSE

The method getRawArray() now returns array (or FALSE on failure).
Additionally, a new method called getRawData() returns array or string
(if the path points to a leaf).

Resolves: #10316

Karol, could you check this, please?

#2 - 2010-10-18 20:54 - Karol Gusak

- Status changed from Needs Feedback to Under Review

Sure, I will check this and other changes from the review soon (I glimpsed on them but I have some doubts about the models).
