

## TYPO3.Fluid - Bug # 10902

<b>Status:</b>	Resolved	<b>Priority:</b>	Must have
<b>Author:</b>	Georg Ringer	<b>Category:</b>	ViewHelpers
<b>Created:</b>	2010-11-17	<b>Assigned To:</b>	Bastian Waidelich
<b>Updated:</b>	2010-11-18	<b>Due date:</b>	
<b>Has patch:</b>			
<b>Affected Flow version:</b>			
<b>Subject:</b>	Paginate widget produces exception with too high offset		
<b>Description</b>			
<p>If the offset is too high, an exception is thrown. This needs to be avoided as this can happen if there are old links (from search engines, shared links, ...).</p> <p>example: itemsPerPage:3 and 7 records and [__widget_0][currentPage]=4</p> <p>solution would be to show either the results as if no offset is set or the last pages, including a redirect or at least the correct headers</p>
