Subject:	Workspaces module: Row detail view		

Description
The workspaces module needs styling for the ExtJS grid's detail view (when you expand an entry). http://st-g.de/fileadmin/apps/phpthumb/phpThumb.php?src=http%3A%2F%2Fforge.typo3.org%2Fattachments%2Fdownload%2F442&w=600 The PNG file gives you some hints and lists the mistakes in the PSD (the *live* version has no comments and comments have no title). Shared installation #1 is reserved for you. Please make your changes in typo3/sysext/workspaces/Resources/Public/StyleSheet/module.css You get this view by opening the "Workspaces" module.

Kind of ready in Firefox and Safari.

Was not able to test it in IEx due to javascript errors with mordernizr looked as if no workspaces-css-files are loaded at all.

Regarding the change comments the last comment has no margin via the pseudo-class last-child would be good to add some javascript functionality for the browsers which don't support pseudoclasses.

looks good for me - I would definitely use this for beta3. Smaller improvements can follow later.

One thing I found: if the username is too long it's hidden behind the balloon (see screen)
