

DEV3 - Bug # 1111

Status:	Accepted	Priority:	Should have
Author:	David Bruehlmeier	Category:	TypoScript 2.0 Editor
Created:	2008-07-23	Assigned To:	David Bruehlmeier
Updated:	2010-10-20	Due date:	
Subject:	Hovering over folded region does not show correct information		
Description			
<p>When hovering over a folded region (i.e. a confinement), the folded TypoScript should be displayed. This seems to work only for nested confinements.</p>
