TYPO3.Flow - Feature # 116

Status:	Resolved	**Priority:**	Must have
Author:	Robert Lemke	**Category:**	Package
Created:	2008-01-28	**Assigned To:**	Christopher Hlubek
Updated:	2010-10-20	**Due date:**	
PHP Version:			
Has patch:			
Complexity:			
Subject:	Package Manager provides CLI access		
Description			

The Package Manager should provide a CLI controller which initially should support the "create" command for creating a new, empty package.
The command for creating a package could look like this:
    php index.php flow3 package -a create -p MyPackage

Associated revisions

Revision df60320e - 2009-01-22 14:19 - Robert Lemke

  - FLOW3: (Package) Integrated the patches from the F3PR project by Thomas, Tobias and Christoph. Introduces Meta xml reading / writing support, create and delete packages and a new command line tool "flow3". The whole Package subpackage needs some tuning and cleanup and most of the new Package Manager tests are currently disabled. Addresses #935, addresses #936, resolves #937, addresses #940, and addresses #116.

Revision 569ab03f - 2009-05-20 00:38 - Christopher Hlubek

Added tests for the package manager controller, fixed the configuration for the package manager injection. Resolves #116

History

#1 - 2008-07-01 15:32 - Robert Lemke

- Target version deleted (18)

#2 - 2008-10-27 18:18 - Karsten Dambekalns

- Subject changed from Package Manager allows for creating new packages via command line to Package Manager provides CLI access

#3 - 2008-10-28 12:58 - Karsten Dambekalns

- Priority changed from Should have to Must have

- Target version set to 1.0 alpha 1

#4 - 2009-05-14 17:13 - Robert Lemke

- Target version changed from 1.0 alpha 1 to 283

#5 - 2009-05-19 13:16 - Robert Lemke

- Status changed from New to Accepted

- Assigned To set to Christopher Hlubek

- Target version changed from 283 to 1.0 alpha 1

Please also check if the bash script still works.

#6 - 2009-05-20 00:28 - Christopher Hlubek

Basically everything should work - but the object factory doesn't get injected into the package manager. I cannot yet say why. Maybe someone can have a look.

#7 - 2009-05-20 00:39 - Christopher Hlubek

A new package can be created easily with ./flow3 package create Welcome. In r2281 the wiring of the package manager was fixed.

#8 - 2009-05-20 01:00 - Christopher Hlubek

- Status changed from Accepted to Resolved

- % Done changed from 0 to 100

Applied in changeset r2281.
