<b>Subject:</b>	More buylinks		
<b>Description</b>			
<p>It would be nice to have the passibility to insert more than one buylink. For example you can have musicload, amazon, or weltbild...</p> <p>The label for the frontend must be able to set by the User itself.</p> <p>Possibility to insert HTML-Code is a must, because some sellers only accept the correct code of there link generators.</p>
