Updated:	2010-10-20	**Due date:**	

PHP Version:	
Has patch:	
Complexity:	
Subject:	Add a method findByTag() to F3_FLOW3_Cache_AbstractCache

Description

Although one can store cache entries with tags, one can only load cache entries by identifier. Thus a method findByTag() would be useful.

- Start date changed from 2008-08-01 to 2008-08-22

And that method would return an array with all found entries? Like the memcached backend findEntriesByTag() method did?

#2 - 2008-08-27 07:05 - Ingo Renner

yes, exactly. I think I implemented that already in the backport for TYPO3 4.x, you can find it on the 4.x core list...
