TYPO3.TYPO3CR - Bug # 1284

Status:	Resolved	**Priority:**	Must have
Author:	Karsten Dambekalns	**Category:**	Storage Backend
Created:	2008-08-15	**Assigned To:**	Matthias Hörmann
Updated:	2011-05-05	**Due date:**	
Subject:	Single-value properties are stored in the database serialized		
Description			

The serialized storage of property values (due to this being the only way to store various types in a character field) in the database must go away.
