Has patch:	Yes		
Subject:	Create Command for XSD Schema generation		
Description			
Hello,			
the Xsd Generation for Fluid ViewHelper Tags doesn't work (since quite some time I think). I created a patch to fix it. However I still don't know how to use it for autocompletion in Eclipse.			
This is my first patch so I hope it's created correctly. :)			
Greetings, Jascha

[FEATURE] Command for XSD Schema generation

This adds a command controller for rendering XSD schemas for ViewHelpers.

Usage: `./flow3 documentation:generatexsd 'Some\Namespace'`

This also removes the no longer needed and forever broken Controllers from the package.

..and after a long long time I'll take care of this.

We'll get rid of the controllers though and add the feature as command. I'll add infos here.

Sorry for the delay and thanks for your patience!
