Has patch:			
Complexity:			
Subject:	Create a "Not Found" Controller		

Description

Currently a "No such controller" exception is thrown if a matching controller is not found. This exception should either be caught or removed and transformed into a redirection to a 404 Not Found controller.

There should be a default 404 controller and the ability to easily define a custom view or whole controller.

Associated revisions

Revision 0a852562 - 2009-02-25 18:02 - Karsten Dambekalns

FLOW3:

- added (simple) NotFoundController, refs #1511
- some tiny cleanup

Revision 6277226b - 2009-03-03 12:41 - Robert Lemke

- FLOW3: (MVC) Moved the logic for the NotFound mechanism from the dispatcher into the request.
- FLOW3: (MVC) Wrote test case for the NotFoundController fallback
- FLOW3: (MVC) Improved the NotFoundView a bit
- FLOW3: (MVC) Made the object name of the NotFoundController configurable in the FLOW3 settings.

Resolves #1511.
