

flow3.typo3.org - Bug # 183

Status:	Resolved	Priority:	Must have
Author:	Rasmus Skjoldan	Category:	
Created:	2008-02-07	Assigned To:	Karsten Dambekalns
Updated:	2010-10-20	Due date:	
Subject:	Gap between content elements		
Description	See attached.		

History

#1 - 2008-02-07 23:42 - Karsten Dambekalns

- Status changed from New to Accepted

#2 - 2008-02-07 23:59 - Karsten Dambekalns

- Target version set to 1.0.0

#3 - 2008-02-08 10:15 - Karsten Dambekalns

- % Done changed from 0 to 50

The problem from the screenshot is fixed, looking at other pages now.

#4 - 2008-02-08 10:16 - Karsten Dambekalns

The problem from the screenshot is fixed, looking at other pages now.

#5 - 2008-02-08 10:24 - Karsten Dambekalns

- File *gap-principles.png* added

- Target version deleted (1.0.0)

- % Done changed from 50 to 90

The problem persists on the About > Principles page. The image has a bottom border, and the following block has a top border. If we remove either one, it would be missing if one of the elements is used standalone. Currently we need to work around this by placing elements accordingly...

#6 - 2008-02-14 12:55 - Karsten Dambekalns

- % Done changed from 90 to 100

Solution: only the first header in frame 1 in a side column has a top-border.

#7 - 2008-02-14 12:55 - Karsten Dambekalns

- Status changed from Accepted to Resolved
