TYPO3.TYPO3CR - Task # 1840

Status:	Resolved	**Priority:**	Must have
Author:	Karsten Dambekalns	**Category:**	Index/Search
Created:	2008-10-27	**Assigned To:**	Karsten Dambekalns
Updated:	2011-05-05	**Due date:**	
Sprint:			
Subject:	LuceneKeywordAnalyser should not use iconv		
Description			

Make it use the PHP6 package or get rid of the iconv dependency in some other way

Associated revisions

Revision b2881f88 - 2008-10-30 14:53 - Karsten Dambekalns

TYPO3CR:

- the LuceneKeywordAnalyser class no longer uses iconv, fixes #1840
- removed an unneeded method in Property class
- implemented validation and best-effort type-conversion for Node->setProperty() [mostly by Matthias Hoermann], fixes #354
  - partial URIs (those without a scheme) are not implemented as there would be much overlap with JCR paths and/or names
  - values of undefined type are just validated with several candidate types and the first match wins, the order(s) of types that are tried might need some fine-tuning later

History

#1 - 2008-10-28 13:14 - Karsten Dambekalns

- Target version set to 197

#2 - 2008-10-30 14:33 - Karsten Dambekalns

- Status changed from New to Accepted
