TYPO3.TYPO3CR - Bug # 1942

Status:	Resolved	**Priority:**	Must have
Author:	Bastian Waidelich	**Category:**	Node handling
Created:	2008-11-03	**Assigned To:**	Karsten Dambekalns
Updated:	2011-05-05	**Due date:**	
Subject:	Fatal error in F3::TYPO3CR::Node		

Description

When adding a comment to the posts collection in the Blog example I get a fatal error:

> Fatal error: Call to a member function isMultiple() on a non-object in Packages\TYPO3CR\Classes\F3_TYPO3CR_Node.php on line 574

Probably there is something wrong in the Blog repository setup, but the exception should be caught anyways.
BTW: In the Blog example this happens just before the Comments Controller redirects to the post single view, so this error is not displayed.
