

## Core - Feature # 19992

<b>Status:</b>	Closed	<b>Priority:</b>	Should have		
<b>Author:</b>	Daniel Krupke	<b>Category:</b>	Extension Manager		
<b>Created:</b>	2009-02-10	<b>Assigned To:</b>			
<b>Updated:</b>	2015-01-08	<b>Due date:</b>			
<b>PHP Version:</b>	4.3				
<b>Complexity:</b>	medium				
<b>Sprint Focus:</b>					
<b>Subject:</b>	Check for Extension Updates: Update Information should be written to sys_log				
<b>Description</b>					
<p>If you install/remove an extension this is always logged to sys_log table. Example: "Extension list has been changed, extension xyz has been removed/installed."</p> <p>IMHO this functionality should also be provided for extension updates in Extension Manager. This would be a great feature to follow the update history.</p> <p>The log entry could be saved like this: "Extension xyz has been updated/changed from version 1.0.0 to version 1.2.5."</p> <p>(issue imported from #M10398)</p>					

### History

#### #1 - 2009-06-06 21:55 - Jonas Felix

This really should be logged...

#### #2 - 2009-06-06 22:01 - Jonas Felix

I could not find any sys\_log insert calls in the em/ module. Where does the extension manager log anything? I would like to patch that!

#### #3 - 2009-06-12 11:45 - Martin Kutschker

eg line 2047 \$GLOBALS['BE\_USER']->writelog(5,1,0,0,'Extension list has been changed, extension %s has been %s',array(\$extKey,(\$this->CMD['load']?'installed':'removed')));

Note that this is buggy this way because two different messages (installed and removed) have the same msg no. So while you're at it you could start with a bug fix that creates the new messages 5.1.1 and 5.1.2 for installing and removing as a starter. And please add the version number in the new log message.

#### #4 - 2010-05-12 00:31 - Chris topher

@ Jonas: Still interested in providing a patch?

#### #5 - 2011-08-14 17:12 - Susanne Moog

- Status changed from Needs Feedback to New  
- Target version changed from 0 to 4.7.0

- Complexity set to medium

**#6 - 2012-03-05 17:35 - Steffen Ritter**

- Target version deleted (4.7.0)

**#7 - 2013-05-08 10:26 - Alexander Opitz**

- Status changed from New to Needs Feedback

As this report is very old, is the handling in newer TYPO3 CMS Versions (like 6.0/6.1) more like you expect it?

**#8 - 2013-09-09 10:49 - Alexander Opitz**

- Status changed from Needs Feedback to Closed

No feedback for over 90 days.

**#9 - 2013-09-09 11:08 - Jonas Felix**

- Status changed from Closed to New

This is still a needed request. It's still not solved.

**#10 - 2014-07-25 23:05 - Susanne Moog**

- Status changed from New to Accepted

**#11 - 2015-01-08 15:03 - Mathias Schreiber**

- Status changed from Accepted to Closed

Taken into account in #63909.

The issues are not linked on purpose, so the refactoring ticket does not get bloated with relations.
