Committed to trunk rev 7901

#2 - 2010-06-14 14:24 - Steffen Kamper

reopened as there are missing parameters

#3 - 2010-07-10 12:09 - Steffen Ritter

after 14923 there is no core usage anymore ...

therefore at least the deprecation is possible

fallback without parsing parameters might be discussable.

i personally think since we do not loose functionality in core, a "lightway" fallback should be enough

postponed to 4.6

function is used multiple times in:

- EXT:version/ws/class.wslib_gui.php

- EXT:version/ws/index.php

so no chance to deprecate that before changing code somewhere else
