Hi Falk,

can you make a small patch which makes the labels a few pixels broader so that the input fields and the login button are moved a bit to the right?

Hi Falk,

thanks for your work! The patch looks good.

Please send a mail with your patch to Core List. TYPO3 4.4.0 will be released on June 22nd. When you are quick, chances are good, that this will still become part of 4.4.0. :-)
