

Core - Bug # 23335

Status:	Closed	Priority:	Should have
Author:	Andreas Klein	Category:	
Created:	2010-08-02	Assigned To:	
Updated:	2013-07-09	Due date:	
TYPO3 Version:	4.4		
PHP Version:	5.2		
Complexity:			
Is Regression:			
Sprint Focus:			
Subject:	it's not possible to edit BE_users created by earlier typo3-version		
Description			
<p>I tried to edit a backend-user (it's the same for groups) and got the error message as in bug http://bugs.typo3.org/view.php?id=15292&#38;nbn=1</p> <p>So I installed the proposed patch http://bugs.typo3.org/file_download.php?file_id=12514&#38;type=bug</p> <p>But, in my case this patch doesn't fix the problem, it only changes the error message to the one I have attached.</p> <p>Btw, it is no problem to edit users which have been created after I installed typo3 4.4.1. The problem occurs with all users I created while I was running typo3 4.1.12.</p> <p>(issue imported from #M15327)</p>

History

#1 - 2010-08-02 17:21 - Andreas Klein

I just tried typo3 4.4.0 and the problem doesn't exist in this release. The problem is only present in 4.4.1.

#2 - 2010-08-05 21:13 - Oliver Hader

Please test the SVN TYPO3_4-4 branch or test the upcoming TYPO3 4.4.2 release - the behaviour you reported is fixed there...

#3 - 2010-08-11 13:40 - Maik Matthias

I can confirm this bug. Same problem in Typo 4.4.2 release.

#4 - 2010-08-12 12:14 - Maik Matthias

I fixed the bug in Typo 4.4.2 by changing the function getIcon in class.t3lib_treeview.php (line 655 ff) as follows:

```
function getIcon($row) {
    if ($this->iconPath && $this->iconName) {
        $icon = '<img'.t3lib_iconWorks::skinImg("", $this->iconPath, $this->iconName, 'width="18" height="16"').
        alt="".($this->showDefaultTitleAttribute ? ' title="UID: '.$row['uid'].'" : "").' />';
    } else {
        $icon = "";
    }
}
```

```

        if (is_array($row)) {
            $icon = t3lib_iconWorks::getSpriteIconForRecord($this->table, $row, array(
                'title' => ($this->showDefaultTitleAttribute ? 'UID: ' . $row['uid'] : $this->getTitleAttrib($row)),
                'class' => 'c-reclcon'
            ));
        }
    }
    return $this->wrapIcon($icon,$row);
}

```

Don't know about possible side-effects yet.

#5 - 2010-08-12 12:20 - Maik Matthias

One more hint to the background of the described problem: It seem to have a relation to the extension tt_news. It occurs when an older version of tt_news (2.x) was installed before.

#6 - 2010-08-12 13:56 - Andreas Klein

Yes, as Maik said, the problem occurs only, if an older tt_news plugin was installed. I upgraded to typo3 4.4.2 an tt_news 3.0.1, but it doesn't help.

#7 - 2010-10-07 21:47 - Andreas Klein

I just tried typo3 4.4.4. It is still the same problem.

#8 - 2010-10-07 22:28 - Andreas Klein

I applied the patch from Maik Matthias and it helped to solve the problem.

Hope this patch will be included in future releases.
