Sprint Focus:			
Subject:	remove DEPRECATED static templates		

Description

There are still a lot of DEPRECATED static templates for extensions. They are not supported any more by the extensions since many years and therefore they should not be used.

    plugin.tipafriend [DEPRECATED]
        plugin.tt_board_list [DEPRECAT...
        plugin.tt_board_tree [DEPRECAT...
        plugin.tt_calender [DEPRECATED...
        plugin.tt_guest [DEPRECATED]
        plugin.tt_news [DEPRECATED]
        plugin.tt_poll [DEPRECATED]
        plugin.tt_products [DEPRECATED...
        plugin.tt_rating [DEPRECATED]

So remove them. They have been marked as DEPRECATED for a long time already.

(issue imported from #M16123)

Nice reminder. We won't be removing anything in 4.5 (because of its LTS status) but this can be done right after the branching for 4.6 development.
