History

#1 - 2011-01-21 01:34 - Steffen Gebert

We'll drop this patch for now to come up with a solution in the __.htaccess file.

#2 - 2011-01-21 16:04 - Ernesto Baschny

As decided later on in a Skype meeting with Christian Kuhn, Steffen Gebert and myself, we added this feature and made it configurable at the end:

\$TYPO3_CONF_VARS['SYS']['generateApacheHtaccess']=1 (default)

Committed to trunk, rev. 10212
