Subject:	Missing and old Icons in "DB check -> Record Statistics"

Description

there are no Icons in "DB check -> Record Statistics" under the point "Document types" and some old Icons under "Pages:"

the problem is the use of "$PAGES_TYPES[$setup[1]]['icon']" to set the icons, but $PAGE_TYPES has no array key ['icon'] anymore, maybe it's removed by integration of Sprites.

please have a look at the patch, because it don't know if this is the right way to get the Icons

There is still another Problem with the count of the Items, but this should be an other issue
(issue imported from #M17339)

hi Susanne,
please can use the updated patch from the old Core maillinglist ?
I dont know how to do that with Gerrit/git (at the Moment).

#11 - 2011-04-10 14:35 - Susanne Moog

Hi Sven,

took your v2 and pushed for master. Will change the branch patches when the master patch gets through.

If you need help with learning Git and Gerrit don't hesitate to ask on the mailing lists.

#12 - 2011-04-10 15:18 - Sven Juergens

Hi Susanne,

thanks for the hint. :)
But at the Moment i haven't got time, to learn the worklflow with Git and Gerrit. I only see the email and want to give the hint for an updated version from
Steffen Ritter in the mailinglist, with more time come gerrit/git/TYPO3 Core etc :)

#13 - 2011-04-12 14:30 - Anonymous

- Status changed from Under Review to Resolved

- % Done changed from 0 to 100

Applied in changeset commit:83c396eb1d866073a206161568033a012b8e1e56.
