

TYPO3.Flow - Bug # 2508

Status:	Rejected	Priority:	Should have
Author:	Christoph Blömer	Category:	MVC
Created:	2009-01-23	Assigned To:	Robert Lemke
Updated:	2010-10-20	Due date:	
PHP Version:			
Has patch:			
Complexity:			
Affected Flow version:			
Subject:	Object variables which obtain their value from Super Globals are not available in child classes		
Description			
When a class variable like <code>\$this->SERVER</code> obtains the value from a super global like <code>\$_SERVER</code> and the global variable is replaced by the SuperGlobalReplacement, the class variable can not be accessed from a child class.

- Status changed from New to Rejected

That's a feature.
