# Testing - Bug # 264

| | | | |
|---|---|---|---|
| **Status:** | Resolved | **Priority:** | Must have |
| **Author:** | Malte Jansen | **Category:** | |
| **Created:** | 2008-02-13 | **Assigned To:** | |
| **Updated:** | 2010-10-20 | **Due date:** | |

| **Subject:** | MainLayout.html not XHTML conform |
|---|---|

**Description**

&lt;form action="testing/new/run" id="packageselectorbox" method="POST"&gt;

method="POST" must be lower case: method="post"

## Associated revisions

**Revision 523b2ec9 - 2008-02-13 19:07 - Robert Lemke**

- FLOW3: Fixed whitespaces and inline comments where I came across
- FLOW3: (MVC) Added two new exceptions: NoSuchController and InvalidController (for Dispatcher)
- FLOW3: (MVC) Added an initial implementation of a router for web requests. Tests are still in the Web Request Builder test case but will be refactored soon.
- TYPO3: A bit of cleanup and reviving of the Page controller
- Testing: Changed "POST" to "post" in MainLayout.html. That fixes #264, but in general it's too early to look at errors of this kind because the new Testrunner will still change a lot.
