| **Affected Flow version:** | |
| **Subject:** | Repository::countAll() does not return integers |
| **Description** | |

RepositoryInterface::countAll() should return integers. But apparently the doctrine integration does not cast the return type thus

   $repository->countAll() === 1

 will never be TRUE.

## Associated revisions

[BUGFIX] Make sure countAll() returns integers

With Doctrine persistence countAll() would not return integers (in all

cases), thus strict comparison did not work.

Fixes: #26493

Change-Id: I4d7afd65e819d0fda0dbedf541d0766aa81138e6
