Sprint Focus:			
Subject:	TCA definition is not available in upgrade wizards		
Description			
The global TCA definition is empty in some upgrade wizards. This was caused by a general clean-up to remove PHP global statements that did not seem to be required anymore. However, if PHP files get included inside a method or function accessing \$TCA did not happen in a global context.

[BUGFIX] TCA definition is not available in upgrade wizards

The global TCA definition is empty in some upgrade wizards.
This was caused by a general clean-up to remove PHP global statements that did not seem to be required anymore. However, if PHP files get included inside a method or function accessing \$TCA did not happen in a global context.
