TYPO3.Neos - Bug # 26666

Status:	Resolved	**Priority:**	Should have
Author:	Robert Lemke	**Category:**	
Created:	2011-05-06	**Assigned To:**	Robert Lemke
Updated:	2012-08-31	**Due date:**	
Subject:	Implement basic Proxy Caching Support		

Description

TYPO3 must send correct cache headers so that static pages and other content can really be cached by a proxy such as Varnish. This story is solved when

- rendered pages are cashed in Varnish
- pages are not cached if a user is logged in
- logging in as a user into the frontend and backend is possible
- the maximum age for cached pages can be configured globally

Subtasks:

Task # 26668: Send correct cache headers in Frontend Controller	**Resolved**
