Revision 7457863a - 2011-06-21 06:39 - Sebastian Kurfuerst

[TASK] (JavaScript): Fix content editing with Aloha 0.10

Now, we can edit content again with Aloha 0.10. This includes:

- Adjustments to new asynchronous bootstrap in Aloha
- Greatly simplified Aloha JavaScript file loading
- Various smaller cleanups of obsolete code
- Adjustments of CSS classes to changed Aloha CSS classes
- Removal of Aloha plugin; all functionality is now in Aloha Initializer.

In this process, some functionality has been removed:

- CREATING new content element not possible anymore through Aloha, as this should now be done in the selection mode.
- DELETING content not possible anymore through Aloha, as this should now be done in the selection mode.
- Functionality for creating links has been deactivated again, as it did never work so far. When TypoScript can render links properly, we can activate it again.

Resolves: #26717

Change-Id: Ia593a1fc8c2467f9fdc714f63fba796161d59014
