

TYPO3.Fluid - Feature # 28444

Status:	Closed	Priority:	Could have
Author:	Christopher Hlubek	Category:	ViewHelpers
Created:	2011-07-25	Assigned To:	Bastian Waidelich
Updated:	2012-02-04	Due date:	
Has patch:	Yes		
Subject:	Implement comment ViewHelper or language feature		
Description	<p>It would be great to have the possibility of commenting out Fluid code / markup without rendering it to the client. A CommentViewHelper that always returns an empty string would be trivial to write, but maybe a language feature for comments would make sense.</p>		

History

#1 - 2011-12-14 10:28 - Bastian Waidelich

- *Category set to ViewHelpers*
- *Target version set to 1.0.2*
- *Has patch changed from No to Yes*

This was implemented with l2857e98fb7f6dc2ee850b258c7a41172f3067bf8 but it still needs documentation on flow3.org

#2 - 2011-12-14 10:31 - Bastian Waidelich

FYI: I already commented it for Extbase: <http://forge.typo3.org/projects/typo3v4-mvc/wiki/FAQ#How-can-I-comment-out-parts-of-my-Fluid-template>

#3 - 2011-12-22 08:52 - Karsten Dambekalns

- *Target version changed from 1.0.2 to 1.0.3*

#4 - 2012-02-04 15:50 - Bastian Waidelich

- *Status changed from New to Closed*
- *Assigned To changed from Sebastian Kurfuerst to Bastian Waidelich*
- *% Done changed from 0 to 100*

As mentioned, this is already implemented and will be documented with #33675
