

## TYPO3.Flow - Bug # 30424

<b>Status:</b>	New	<b>Priority:</b>	Must have
<b>Author:</b>	Christopher Hlubek	<b>Category:</b>	MVC
<b>Created:</b>	2011-09-29	<b>Assigned To:</b>	
<b>Updated:</b>	2011-10-21	<b>Due date:</b>	
<b>PHP Version:</b>			
<b>Has patch:</b>			
<b>Complexity:</b>			
<b>Affected Flow version:</b> FLOW3 1.0.0			
<b>Subject:</b>	Forward object arguments with changes		
<b>Description</b>			
<p>Updated or cloned objects cannot be used as an argument in forward right now, because they are always converted to an identity array and are not persisted yet. This must be possible.</p> <p>There should be a two-way transform of source array into objects and objects into a source array (identity + updated properties).</p>			

### History

#1 - 2011-10-21 13:20 - Karsten Dambekalns

- Affected Flow version set to FLOW3 1.0.0
