TYPO3.Flow - Bug # 30436

Status:	Resolved	**Priority:**	Must have
Author:	Christopher Hlubek	**Category:**	
Created:	2011-09-29	**Assigned To:**	Christopher Hlubek
Updated:	2011-10-14	**Due date:**	
PHP Version:			
Has patch:			
Complexity:			
Affected Flow version:			
Subject:	Access denied exception after session timeout with CSRF		
Description			

An access of a CSRF protected action with an invalidated session throws an Exception (e.g. \TYPO3\FLOW3\Security\Exception\AccessDeniedException). This exception cannot be catched in any way. Also a reauthentication using an entry point is not possible right now.

[BUGFIX] Fix access denied exception after session timeout with CSRF

This change nests the firewall inspection in the try catch block that also catches AuthenticationRequired exceptions from requests. The CsrfProtection pattern will check if any CSRF token is present in the context and throws an AuthenticationRequired exception otherwise to proceed to an entry point for re-authentication.
