TYPO3.Flow - Bug # 30614

Status:	Resolved	**Priority:**	Must have
Author:	Peter Russ	**Category:**	Security
Created:	2011-10-06	**Assigned To:**	
Updated:	2012-05-18	**Due date:**	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version:	FLOW3 1.0.0		
Subject:	Use of undefined policies throws exception		
Description			

Notice: Undefined index: Test in
/srv/c/cdas/src/shared/Data/Temporary/Development/Cache/Code/FLOW3_Object_Classes/TYPO3_FLOW3_Security_Policy_PolicyService_O
ervice_Original.php line 317
35 TYPO3\FLOW3\Error\ErrorHandler::handleError(8, "Undefined index: Test",
"/srv/c/cdas/src/shared/Data/Temporary/Development/…3_FLOW3_Security_Policy_PolicyService_Original.php", 317, array)

This happens due the fact, that there are roles available which are not define in any Policy. I would expect that in such a case a
Access denied would occure. To fix just check if the key is set ;-) (see attached patch)

Keep on rocking....

History

#1 - 2011-10-06 23:26 - Peter Russ

- File patch.30614.diff added

#2 - 2011-10-19 10:03 - Karsten Dambekalns

- Subject changed from TYPO3\FLOW3\Error\Exception thrown in file ErrorHandler.php to Use of undefined policies throws exception
