

TYPO3.Flow - Bug # 30633

Status:	Resolved	Priority:	Should have
Author:	Yves Poersch	Category:	Core
Created:	2011-10-07	Assigned To:	Robert Lemke
Updated:	2011-10-20	Due date:	
PHP Version:			
Has patch:			
Complexity:			
Affected Flow version:			
Subject:	endless recursion when using the wrong php binary		
Description			
If I uses non cli-php to call flow3, it will get an endless recursion.			
It will be better to stop after 100 call, or so what?			
P.S.: wink @ robert ;) thanks alot!

[BUGFIX] No endless recursion on a missing CLI PHP binary

If a wrong path has been specified or a PHP binary is used which does not support CLI, FLOW3 could end up in an endless recursion on executing the compile sub command.

This change set adds a check for the proper SAPI type in FLOW3's command line script.

Change-Id: I1b0bb6e451acb60512cd1820fda1e26a5c261e04

Fixes: #30633

History
