Testing - Task # 3118

Status:	Resolved	**Priority:**	Should have
Author:	Bastian Waidelich	**Category:**	
Created:	2009-04-17	**Assigned To:**	Sebastian Kurfuerst
Updated:	2010-10-20	**Due date:**	
Subject:	Don't run all tests in indexAction		

Description

When I open "http://flow3/testing", testrunner immediately starts running all tests of all packages.
IMO it would be better to have a runAction as in the CLIController so you can first select the packages/tests or enable code coverage
before the testrunner starts..
Or is it like this for a particular reason?

Associated revisions

Revision a8b2a7e7 - 2009-05-17 10:15 - Sebastian Kurfuerst

Testing:

- Fixed #3118: We do not run all tests now on starting the TestRunner

History

#1 - 2009-05-17 10:15 - Sebastian Kurfuerst

- Status changed from Needs Feedback to Resolved

- Assigned To set to Sebastian Kurfuerst

- % Done changed from 0 to 100

I fixed this by changing the default value in the controller.
