

Core - Bug # 31211

Status:	Closed	Priority:	Should have
Author:	Xavier Perseguers	Category:	Extension Manager
Created:	2011-10-24	Assigned To:	
Updated:	2014-07-25	Due date:	
TYPO3 Version:	4.6		
PHP Version:			
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	EM: Conflicts should be checked in both direction		
Description			
When extension A announces conflict with extension B, trying to install A while B is loaded triggers a dialog that asks to remove B first.			
When it is done, A is loaded and B is not loaded anymore.			
Trying then to load B again does not trigger any warning that A will stop functioning.

- Is Regression set to No

Hi,

I'm closing this one as duplicate of #17573.

Cheers,

Susi
