

Doctrine.ORM - Bug # 31212

Status:	Rejected	Priority:	Should have
Author:	Jordy de Jong	Category:	
Created:	2011-10-24	Assigned To:	Karsten Dambekalns
Updated:	2012-06-21	Due date:	
Subject:	incorrect parse method doctrine yaml driver		
Description	Doctrine/Classes/ORM/Mapping/Driver/YamlDriver.php contains the following code: <pre>\Symfony\Component\Yaml\Yaml::parse(\$file);</pre> the Symfony YAML parser doesn't have a "parse" method, but a "load" method		
Related issues:	related to Symfony.Component.Yaml - Bug # 31289: Yaml component is outdated Resolved 2011-10-25		

History

#1 - 2011-10-25 13:00 - Karsten Dambekalns

- Project changed from TYPO3 Flow Base Distribution to Doctrine 2
- Status changed from New to Needs Feedback
- Assigned To set to Karsten Dambekalns

Under what circumstances does this lead to an error for you? Out of the box we are not using the YAML driver of Doctrine 2 at all...

#2 - 2011-10-25 13:08 - Jordy de Jong

I'm using the Generic Persistence with my own backend, in which (in certain circumstances) I manually call Doctrine and the Yaml Driver

this is probably not a supported way to use FLOW3, but either way this seemed like a (easy to fix) bug, in my opinion

you can close this if you don't agree, of course

#3 - 2011-10-25 13:17 - Karsten Dambekalns

- Category set to 1042
- Status changed from Needs Feedback to On Hold

Thanks Jordy, your usecase is fine, I was just wondering. :)

Please keep an eye on <http://www.doctrine-project.org/jira/browse/DDC-1453> which I created.

#4 - 2011-10-25 18:33 - Karsten Dambekalns

- *Status changed from On Hold to Rejected*

We are in fact using an outdated version of the Yaml parser.

#5 - 2012-06-21 12:28 - Karsten Dambekalns

- *Project changed from Doctrine 2 to Doctrine.ORM*

- *Category deleted (1042)*
