Subject:	Ordering of links at http://flow3.typo3.org/documentation/guide/partii.html		
Description			
<p>Hi,</p> <p>a colleague just starting with FLOW3 mentioned that it's confusing that the links in the content area at http://flow3.typo3.org/documentation/guide/partii.html are in a different order than the links on the left in the menu. Perhaps you could adjust them?</p>
