[TASK] Add hint to remove SubRoute definition after deactivating package

When a SubRoute definition refers to a non-existing or disabled package an exception is thrown, which confused some followers of the mini tutorial of the Welcome screen.

This change adds a notice to remove the SubRoute definition after deactivating the Welcome package.

Besides this renames "Remove the Welcome package ..." to "Disable the Welcome package ...".

Note: Some infos have been added to the exception wiki page at <http://wiki.typo3.org/wiki/Exception1318414040>
