

Core - Bug # 31397

Status:	Closed	Priority:	Must have
Author:	Gregor Hermens	Category:	Reports
Created:	2011-10-29	Assigned To:	Francois Suter
Updated:	2012-02-07	Due date:	
TYPO3 Version:	4.6		
PHP Version:			
Complexity:	medium		
Is Regression:			
Sprint Focus:			
Subject:	Check for default password of admin account no longer works in status reports module		
Description	<p>In typo3/sysextr/reports/reports/status/class.tx_reports_reports_status_securitystatus.php line 68, function getAdminAccountStatus() only looks for the md5 value of default password 'password'. As rasauth and saltedpasswords are now activated by default, status reports module no longer issues a warning if the default password of BE account 'admin' is still set.</p>
