

TYPO3.Flow - Feature # 3153

Status:	New	Priority:	Should have
Author:	Robert Lemke	Category:	MVC
Created:	2009-04-22	Assigned To:	
Updated:	2015-01-25	Due date:	
PHP Version:			
Has patch:			
Complexity:			
Subject:	Support of action based filter rules defined by annotation.		
Description			
Similar to #3092 there should be a way to declare additional filter rules for the arguments of an action method:			
<pre>/** * @param string \$theArgument * @filter \$theArgument LowerCase, Trim */ public function theAction(\$theArgument) { }</pre>

#6 - 2009-07-13 11:25 - Robert Lemke

- Target version deleted (283)

#7 - 2015-01-25 18:23 - Stefan Neufeind

There is a working solution for @filter implemented as an extension (for Extbase). I like their approach and think we might want to consider it for Extbase/Flow.

https://github.com/AOEpeople/extbase_filter
