TYPO3.Fluid - Task # 32035

Status:	New	**Priority:**	Should have
Author:	Georg Ringer	**Category:**	Core
Created:	2011-11-23	**Assigned To:**	
Updated:	2012-01-27	**Due date:**	
Has patch:	Yes		
Subject:	Improve fluid error messages		

Description

The error messages of fluid could be a bit more helpful

Instead of 'Argument "fo" was not registered' use 'Argument "fo" was not registered for "f:image"'

Instead of 'Required argument "src" was not supplied for "f:image"'

so it is far easier to search for the error.

I don't know how a filename could be handled as this would be even more helpful
