TYPO3.Flow - Bug # 32049

Status:	Resolved	**Priority:**	Should have
Author:	Karsten Dambekalns	**Category:**	Core
Created:	2011-11-24	**Assigned To:**	Karsten Dambekalns
Updated:	2011-12-09	**Due date:**	

PHP Version:	
Has patch:	No
Complexity:	
Affected Flow version: FLOW3 1.0.1	
Subject:	Check for stripped comments not working
Description	

The bootstrap checks for the presence of doc comments, to avoid problems with some bytecode caches that strip comments.

That check is not working correctly (FALSE is returned but the check expects an empty string). In case an error is seen, the exception cannot be thrown as well (no classloader available at that point).

Revision 8264f7eb - 2011-12-09 17:07 - Karsten Dambekalns

[BUGFIX] Fix check for stripped comments

The bootstrap checks for the presence of doc comments, to avoid problems with some bytecode caches that strip comments.

That check did not work correctly (FALSE is returned but the check expects an empty string). In case an error is seen, the exception cannot be thrown as well (no classloader available at that point). That exception issue has been been fixed for another check as well.

On top of this the check for magic_quotes_gpc has been adjusted a tiny bit.
