<b>Has patch:</b>	No		
<b>Subject:</b>	Allow DebugViewHelper output only the type of the input variable		
<b>Description</b>	Due to the var_dump drawback that sometimes the memory consumption is too large or the list just becomes too long, I suggest a flag that only outputs the type of the intended variable instead of its dump.		
<b>Related issues:</b>	related to TYPO3.Flow - Feature # 36955: Add type filter to var_dump() <span style="float: right;"><b>New</b>      <b>2012-05-08</b></span>

[FEATURE] DebugViewHelper allows output of type only

Because sometimes var\_dump is too verbose, this patch adds a flag where only the type of the intended variable can be output.
