Updated:	2012-02-01	Due date:	
Subject:	ImageTypeConverter conflicts with default ImageConverter		
Description	<p>With current HEAD the ImageTypeConverter that comes with TYPO3.TYPO3 conflicts with the new ImageConverter of the TYPO3.Media package:</p> <p>There exist at least two converters which handle the conversion from "array" to "TYPO3\Media\Domain\Model\Image" with priority "1": TYPO3\Media\TypeConverter\ImageConverter and TYPO3\TYPO3\TypeConverter\ImageTypeConverter</p> <p>An easy solution would be to increase the priority of one of those.</p>

[BUGFIX] ImageTypeConverter conflicts with default ImageConverter

This increases the priority of the provided ImageTypeConverter in order to prevent conflicts with the ImageConverter of the TYPO3.Media package.
In the long run this converter should be removed altogether.
