

TYPO3.Flow - Bug # 3434

Status:	Resolved	Priority:	Should have
Author:	Christopher Hlubek	Category:	Package
Created:	2009-05-24	Assigned To:	Christopher Hlubek
Updated:	2010-10-20	Due date:	
PHP Version:			
Has patch:			
Complexity:			
Affected Flow version:			
Subject:	getPackageMetaData() will throw an exception		
Description			
When using the package manager to get a package and read the metadata there will be an exception. The metadata reader is not injected properly, because package objects are not created using the object factory and the metadata reader is not injected.			

Associated revisions

Revision ac67d228 - 2009-05-24 10:48 - Christopher Hlubek

- Packages will be created using the object factory
- getPackageMetaDataPath() returns only the path to the Meta directory, so the metadata reader and the tests were adjusted
- Some small code format fixes

Resolves #3434

History

#1 - 2009-05-24 11:00 - Christopher Hlubek

- Status changed from *New* to *Resolved*
- % Done changed from 0 to 100

Applied in changeset r2346.
