<b>Subject:</b>	Image url during documentation rendering		
<b>Description</b>	<p><a href="https://review.typo3.org/#/c/9318/1">https://review.typo3.org/#/c/9318/1</a> fixed a missing <code>_Resources/</code> in the image urls, for some reason I now need this <code>_Resources/</code> path to get images working.</p> <p>We should find what causes this behavior, till then I push a change supporting both situations.</p>
