

TYPO3.TYPO3CR - Bug # 354

Status:	Resolved	Priority:	Must have
Author:	Karsten Dambekalns	Category:	Property handling
Created:	2008-02-22	Assigned To:	Matthias Hörmann
Updated:	2011-05-05	Due date:	
Subject:	setProperty() on a Node discards type parameter		
Description	When setting a property on a Node the type parameter is ignored completely!		

Associated revisions

Revision b2881f88 - 2008-10-30 14:53 - Karsten Dambekalns

TYPO3CR:

- the LuceneKeywordAnalyser class no longer uses iconv, fixes #1840
- removed an unneeded method in Property class
- implemented validation and best-effort type-conversion for Node->setProperty() [mostly by Matthias Hoermann], fixes #354
 - partial URIs (those without a scheme) are not implemented as there would be much overlap with JCR paths and/or names
 - values of undefined type are just validated with several candidate types and the first match wins, the order(s) of types that are tried might need some fine-tuning later

History

#1 - 2008-08-22 19:26 - Karsten Dambekalns

- *Category set to Property handling*
- *Priority changed from Should have to Must have*

#2 - 2008-09-23 16:55 - Matthias Hörmann

- *Assigned To changed from Karsten Dambekalns to Matthias Hörmann*

I am working on this now, validation of most types is done, working on best effort conversion and the other validators

#3 - 2008-10-28 13:14 - Karsten Dambekalns

- *Target version set to 197*

#4 - 2008-10-30 14:32 - Karsten Dambekalns

- *Subject changed from addProperty() on a Node discards type parameter to setProperty() on a Node discards type parameter*

#5 - 2008-10-30 14:55 - Karsten Dambekalns

- *Status changed from Accepted to Resolved*
- *% Done changed from 0 to 100*

Applied in changeset r1413.

#6 - 2011-05-05 17:12 - Robert Lemke

- *Target version deleted (197)*
