

TYPO3.Form - Bug # 35969

Status:	Resolved	Priority:	Should have
Author:	Soren Malling	Category:	
Created:	2012-04-13	Assigned To:	Bastian Waidelich
Updated:	2012-05-02	Due date:	
Subject:	\TYPO3\FLOW3\MVC\Web\SubRequestBuilder doesn't exist anymore		
Description			
<p>After the renaming/moving of classes in FLOW3, the following is causing issues in TYPO3.Form</p> <p>\TYPO3\FLOW3\MVC\Web\SubRequestBuilder doesn't exist anymore.</p> <p>If you need to create sub requests, do "new ActionRequest(\$parentRequest)""</p> <p>Will try and submit a patch doing T3DD12</p>			

History

#1 - 2012-05-02 16:14 - Bastian Waidelich

- Status changed from New to Resolved
- Assigned To set to Bastian Waidelich
- % Done changed from 0 to 100

This has been resolved with <https://review.typo3.org/#/c/10340/> - correct?
