<b>Status:</b>	Resolved	<b>Priority:</b>	Must have

<b>Subject:</b>	Comment before doctype makes IE fall into Quirks mode		
<b>Description</b>			
<p>at the current state, the source code reads</p> <pre>1 2&lt;!-- Beginning to render TS path "page" (Context: Node /sites/flow3org/home[TYPO3.TYPO3:Page]) --&gt; 3 4&lt;!DOCTYPE html&gt; 5&lt;html version="HTML+RDFa 1.1" xmlns:typo3="http://www.typo3.org/ns/2011/FLOW3/Packages/TYPO3/Content/" class=" page-home"&gt; 6</pre>			
<p>Due to that very first comment, that is before the doctype declaration, IE9 falls into quirks mode and the page is rendered very wrong.</p>			
<p>Fix: Remove that comment somehow.</p>
