TYPO3.Flow - Bug # 37770

Status:	Resolved	**Priority:**	Must have
Author:	Adrian Föder	**Category:**	Http
Created:	2012-06-05	**Assigned To:**	Adrian Föder
Updated:	2012-06-20	**Due date:**	
PHP Version:			
Has patch:	Yes		
Complexity:			
Affected Flow version: Git master			
Subject:	HTTP Request does not contain port information		
Description			
Port information is not regarded when creating a new Request form ::create factory method			
Related issues:			
related to TYPO3.Flow - Bug # 38547: BaseUri contains default HTTPS port		**Resolved**	**2012-07-02**

Associated revisions

Revision d7106f99 - 2012-06-19 14:02 - Adrian Föder

[BUGFIX] Non-standard ports are now considered by HttpRequest

Ports that are not 80 for HTTP or 443 for HTTPS were simply not
passed through to the Request when being created by the create()
method.

Also Uri will now set the port to 443 for HTTPS if no port is
given in the string handed to the constructor.

Revision 58354078 - 2012-07-02 13:22 - Bastian Waidelich

[BUGFIX] BaseUri contains default HTTPS port

By resolving #37770 now the BaseUri and thus the base tag when
using <f:base /> contains the HTTP port if it's not equal to 80.

This adjusts Request and Uri to omit the port if it is equal to
443 and the request scheme is https.
