

TYPO3.Fluid - Feature # 3791

Status:	Resolved	Priority:	Should have
Author:	Christopher Hlubek	Category:	ViewHelpers
Created:	2009-06-28	Assigned To:	Christopher Hlubek
Updated:	2010-10-20	Due date:	
Has patch:			
Subject:	View helper for resource URIs		
Description			
<p>The public resources in a project should be easier accessible with the help of a new view helper. The view helper should simply take a filename and an optional package key. The current package key should be taken as a default.</p> <p>So including an image from the public resources could look like:</p> <pre></pre>
