

## TYPO3.Flow - Bug # 3806

<b>Status:</b>	Resolved	<b>Priority:</b>	Must have
<b>Author:</b>	Karsten Dambekalns	<b>Category:</b>	Persistence
<b>Created:</b>	2009-06-30	<b>Assigned To:</b>	Karsten Dambekalns
<b>Updated:</b>	2010-10-20	<b>Due date:</b>	
<b>PHP Version:</b>			
<b>Has patch:</b>			
<b>Complexity:</b>			
<b>Affected Flow version:</b>			
<b>Subject:</b>	Persistence fails when objects and/or lazy loading are involved...		
<b>Description</b>			
<p>The fix for #3451 in r2591 has some side effects - even after adding something to a proxied SplObjectStorage it is not marked as dirty, thus the content is no longer persisted.</p> <ul style="list-style-type: none"><li>- activating a lazy loading proxy multiple times (as can happen if it is handed out without being activated first) marks it clean in the parent multiple times</li><li>- memorizeCleanState() needs to clone objects not just copy them, so comparison later makes sense</li><li>- isDirty() must not use strict comparison on objects - a clone is never same, but can only be equal</li></ul>			

### Associated revisions

Revision f8e072d4 - 2009-07-01 00:00 - Karsten Dambekalns

[FIX] FLOW3 (Persistence): dirty checking and activation of lazy loading work as intended now, fixes #3806

### History

#1 - 2009-06-30 22:11 - Karsten Dambekalns

- Subject changed from Persistence fails (partly) when LazyLoadingProxy is involved to Persistence fails when objects and/or lazy loading are involved...

#2 - 2009-07-01 00:00 - Karsten Dambekalns

- Status changed from Accepted to Resolved

- % Done changed from 0 to 100

Applied in changeset r2691.
